

Equality and Cohesion Policy

Statement of Intent

At High Park School we recognise that certain groups in society have historically been disadvantaged on account of unlawful discrimination they have faced on the basis of their race, gender, disability, religion/belief, sexual orientation or age.

This policy will put in place a range of actions to eliminate prejudice, unlawful discrimination and victimisation within the school community and workforce.

High Park School welcomes and embraces its duties under the new Equality Act (2010).

The Equality Act establishes 9 protected characteristics which apply to school.

- Disability
- Race
- Sex
- Gender reassignment
- Pregnancy and maternity
- Religion or belief
- Sexual Orientation
- Marriage & civil partnership
- Age

We understand that, under the Equality Act 2010, all schools have a duty to:

- Eliminate unlawful discrimination, harassment and victimisation;
- Advance equality between different groups;
- Foster good relations between different groups; and
- Promote mental health and wellbeing.

Public Sector Equality Duty (2011)

This policy sets out how the school has paid due regard to the need:

- to eliminate discrimination, harassment, victimisation and any other conduct that is prohibited by or under this Act

- to advance equality of opportunity between persons who share a relevant protected characteristic and persons who do not share it
 - to foster good relations between persons who share a relevant protected characteristic and persons who do not share it
- Specific Duties under the Public Sector Equality Duty
- to publish information which demonstrates our compliance with the need to have due regard for the three aims of the General Duty
 - to prepare and publish specific and measurable objectives which we will pursue over the coming years to achieve the three aims
- This scheme sets out the steps the Governing Body will take that will result in improved outcomes for all members of the school community in all aspects of school life, taking positive action to promote equality.

Definition of 'due regard' and how we aim to comply with the principles of the general duty.

1. While making a decision that might affect an equality group, the decision maker must have regard to the three aims of the Act at the time. This cannot be done in retrospect, nor can it be delegated.
2. The duty will be exercised with rigour and with attention to relevant evidence, including that derived from consultation with staff and the wider community.
3. The duty is continuing, so we will revisit it and bear it in mind constantly. We will keep records to show that the equality duties have been considered on each occasion.

Introduction

At High Park School we value all pupils, parents, staff, governors, external professionals and visitors. We will ensure all pupils have access to an equitable, personalised learning experience of the highest quality in order to enable them to achieve to their highest potential. This policy applies to pupils, staff, governors and visitors.

We are committed to equality of opportunity for all members of the school community and aim to:

- Foster and promote community cohesion at all times incorporating the sense of wider community – a sense of belonging
- value everyone as individuals in their own right
- appreciate and value the diversity of people's backgrounds, circumstances and experiences
- develop all members of our community according to their own individual needs
- enable our pupils to become successful learners, confident individuals, and responsible citizens
- develop the personal, learning and thinking skills (PLTS) of all our pupils
- provide a friendly, positive, safe and secure environment
- develop the knowledge and understanding of the multicultural, multi-faith and multiracial aspects of our society in order to develop community cohesion.
- Provide appropriately similar life experiences for all – taking into account individuals needs
- Social mobility is encouraged and facilitated.

We define 'community' in a number of ways: our School community – the pupils we serve, their families, and our staff members. Our local community – our geographical community of Heaton and then Bradford and the people who live and/or work in our area. The community of Britain and the global community – formed by the European Union (EU) and international links.

This policy is based on the following principles:

Principle 1: All learners (pupils, staff, parents and visitors) are of equal value.

We see all learners and potential learners as of equal value:

- regardless of their ability
- whatever their ethnicity, culture, religious affiliation, gender, social background, national origin or national status.

Principle 2: We recognise and respect diversity

Treating people equally does not necessarily involve treating them all the same. Our policies, procedures and activities must not discriminate, but will be differentiated, as appropriate, to take account of differences of life-experience, outlook and background. We aim to reduce and/or eliminate the kinds of barriers and disadvantage which people may face, in relation to:

- disability, by making reasonable adjustments
- ethnicity, by making sure that different cultural and social backgrounds and experiences of prejudice are recognised
- gender, ensuring that the different needs and experiences of girls and boys, women and men are recognised.

Principle 3: We will foster positive attitudes and relationships, and a shared sense of cohesion and belonging

We intend that our policies, procedures and activities should promote:

- positive attitudes towards disabled people, good relations between disabled and nondisabled people, and an absence of harassment of disabled people
- positive interaction, good relations and dialogue between groups and communities different from each other in terms of ethnicity, culture, religious affiliation, social background, national origin or national status, and an absence of prejudice-related bullying and incidents
- mutual respect and good relations between boys and girls, women and men, and an absence of sexual harassment

Principle 4: Staff recruitment, retention and development

Our policies and procedures will benefit all employees and potential employees, for example in recruitment and promotion, and in continuing professional development:

- regardless of their ability
- whatever their ethnicity, culture, religious affiliation, gender, social background, national origin or national status.

Principle 5: We aim to reduce and remove inequalities and barriers that already exist In addition to avoiding or minimising possible negative impacts, we will take opportunities to maximise positive impacts by reducing and removing inequalities and barriers that may already exist between:

- disabled and non-disabled people
- people of different ethnic, social, cultural and religious backgrounds
- girls and boys, women and men.

Principle 6: We consult widely

People affected by a policy or activity will be consulted and involved in the design of new policies, and in the review of existing ones. We involve:

- disabled people as well as non-disabled
- people from a range of ethnic, social, cultural and religious backgrounds
- both women and men, and girls and boys.

Principle 7: Society as a whole should benefit

We intend that our policies and activities should benefit society as a whole, both locally and nationally, by fostering greater social cohesion, and greater participation in public life of:

- disabled people as well as non-disabled
- people of a wide range of ethnic, social, cultural and religious backgrounds
- both women and men, girls and boys.

ACTIONS

We recognise that the actions resulting from a policy are what make a difference –

1. Each year we will draw up an action plan within the framework of the overall school improvement plan, setting out the specific actions and projects we shall undertake to implement the principles above.
2. Our current action plan has to be complete and will be set out in Appendix A.

The Curriculum

3. We will keep each curriculum subject or area under review in order to ensure that teaching and learning reflect the principles above.

Ethos and Organisation

4. We will ensure that the principles listed above apply also to the full range of our policies and practices, including those that are concerned with:
 - learners' progress, attainment and assessment
 - learners' personal development, welfare and well-being
 - teaching styles and strategies

 - staff recruitment, retention and professional development
 - care, guidance and support

5. We will provide guidance in the staff handbook on how prejudice-related incidents should be identified, assessed, recorded and dealt with.

6. We will report regularly to the local authority about the numbers, types and seriousness of prejudice-related incidents at our school and how they were dealt with.
